Spring is here and Kapa moves in leaps and bounds after our amazing party in Miami at The Setai for WMC and our TWO hits this month on Traxsource. Look out world Kapa is coming on strong.

As many of you have heard (or been lucky to witness live), the Kapa Party at the Setai Hotel in Miami was a huge success. It was surely a night to remember, all the DJs Mr V, Claude Monnet, Torre Bros, Jay J, Samantha James Random Soul, Big Brooklyn Red, Justin Michael, Simeon Belle rocked the house and thanks to the 980 folks who came through too.

It as a "One-Two punch for March" for our artists as Martin East Project "Release", and Christos Kedras' "Sweet Temptation" assault the dance charts this month. Both singles stayed in the top-20 releases in traxsource for several weeks, with "Release" climbing all the way to no. 6 and "Sweet Temptation" reaching no. 12. On top of big sales, both tracks constantly receive licensing interest by big name DJs for their compilations. Roger Sanchez to name just one.

Look out for Kapa this summer as we are bringing our signature sound to a radio or a party near you. In the words of Macfadden & Whitehead "Aint no stoppin' us now"!
